GREAT MEETING AT QUINCY.
ONE OF THE MOST IMPORTANT DEMONSTRATIONS OF THE PRESENT CAMPAIGN.

One of the greatest political demonstrations ever known in this section of the country will be the sound money rally at Quincy, Ill., on Friday, Oct. 23. Representative business men of the city have charge of the affair and the arrangements are being made on a scale of unprecedented magnitude. Bands, marching clubs and visitors will be present from a radius of 100 miles, and thousands of enthusiastic republicans will crowd the city. It will be a gala day and will break all records.

"The Governor's Flying Squadron" will arrive at noon. They will come by special train, with bands and brass cannon, the party including Senator Cullom, "Uncle Dick" Oglesby, ex-Gov. Fifer, ex-Gov. Beveridge, ex-Gov. Hamilton, and the Hon. John R. Tanner. Besides this brilliant galaxy of orators, Sen. or Charles Fuller, the Hon. John Greene and other noted speakers will be present. Ex-President Harrison, Hon. Thomas B. Beed, of Maine, and the Hon. Robert G. Ingersoll have been invited, and it is more than probable that at least one of these great statesmen will be present.

The oratory will all be in the daytime. The night will be devoted to a grand revel of torches, flambeaux, brass bands, drum corps, fireworks and all the varied accessories of political pyrotechnics. There will be a monster torchlight parade and the indications are that it will surpass in brilliancy and grandeur anything of the kind ever known in the state outside of Chicago.

All marching clubs and all republican organizations are invited to go to Quincy on October 23. Reduced rates will be made on all railroads.

The twenty-four hours rain which began falling Saturday afternoon and continued until Sunday afternoon, kept away several thousands of Republicans that would otherwise have been present Monday to hear the celebrated orator, Senator Foraker of Ohio in spite of the bad roads however, the people came in wagons, buggies, on horseback and train until at least 5000 people, many of whom were strangers from a distance, were on the streets. Liberty township was the only township represented by a delegation. The delegation from that township arrived on horseback with flags and banners flying, shortly before noon, and paraded round the square, attracting general attention. At 2 o'clock Senator Foraker was conducted to the speaker's stand in the park, where a vast concourse of people awaited him, and was introduced by T. J. Dockery. The Senator began his speech by thanking the people of Kirksville, regardless of politics or religion, for the great kindness shown Mrs. Foraker, who is here having their little son treated at the Still Infirmary. He said that she liked the people so well that he had doubts of ever getting her to leave them, and he thought of coming here for awhile himself after McKinley's election. The speaker then took up the tariff question and showed conclusively that our present hard times were not due to the money question, but were a result of tariff tinkering which followed the election of 1892, and that a like condition had followed each time Democrats had come into power. The silver question was handled in the same masterly manner, completely demolishing the free silver fallacies, and showing the disastrous effects of free coinage on the business of the country. The entire address of nearly two hours was listened to throughout with marked attention, and its beneficial effects will be felt throughout the First district on the 3d of November.
